

AMENDMENTS TO THE SPECIFICATION

In the specification:

Please replace the Sequence Listing at pages 123-191 with the revised Sequence Listing (pages 1-51) submitted herewith and renumber the pages as necessary.

Please replace the paragraph at page 1, lines 9-15 with the following paragraph:

--CROSS-REFERENCES TO RELATED APPLICATIONS

The present application is a continuation-in-part of USSN _____ 10/684,230 as filed on October 10, 2003, which application has the same title as the present application and which claims priority to provisional application serial no. 60/417,864 as filed on October 11, 2002, by Chun, K.H and H.J. Hwang. The present application also claims priority to the 60/417,864 provisional application. The disclosures of the USSN _____ 10/684,230 and 60/417,864 applications are each incorporated by reference.--
